Actron CP9550 PocketScan Plus Review (2020 update)

Actron CP9550 suffers from the problem of great difficulty of disconnecting the female terminal of the device from OBD-II port on some cars, including Toyota models (Camry, Sienna, etc), Mitsubishi models (for example, Outlander), and possibly others. This is a very serious problem for a tool designed for regular folks.

Amazon.com: Customer reviews: Actron CP9550 PocketScan Plus

The ANM-CP9550 code reader identified my engine light warning with a Map Sensor bad. Replaced sensor and the code reader cleared the code to turn engine light off. Car is working good now. This is a good basic code reader that shows the code and describes what the code is without having to look up the code.
