Clean up loose debris: Sweep or vacuum your tile floors regularly to keep them from getting dull. Ceramic tiles may be resistant to dirt, but sand and grit can dull the glazed surfaces. Choose the right floor mop: Clean tile with mild detergent and clean water using a rag or chamois-type mop rather than a sponge mop. These mops are best for ...

DO understand that messy materials like glitter vinyl and felt will reduce the stickiness of your mat over time and factor that into any budgets you have for supplies!. DO rotate your mat 180° from time to time when placing materials on as it will extend the life of your mat.

Watch this video to see how this works!

DO move your cut pieces to the inside of your mat on the Prepare screen before
