Increasing Returns And Path Dependence

Financial education is one of the great bargains in life: it costs little, risks nothing, and returns huge rewards. It's the best investment you can make. Related: Why you need a wealth plan, not a financial plan. The sooner you get it, the more it'll be worth to you. The longer you wait, the more it'll cost you. Which path will you choose?

7 Reasons Why Financial Education Is Your Best Investment

Rational Choice Institutionalism (RCI) is a theoretical approach to the study of institutions arguing that actors use institutions to maximize their utility, and that institutions affect rational individual behavior. Rational Choice Institutionalism arose initially from the study of congressional behaviour in the U.S. in the late 1970s. Influential early RCI scholarship was done by political ...
