R For Marketing Research And

Marketing research is the systematic gathering, recording, and analysis of qualitative and quantitative data about issues relating to marketing products and services. The goal is to identify and assess how changing elements of the marketing mix impacts customer behavior.. This involves specifying the data required to address these issues, then designing the method for collecting information ...

Marketing research - Wikipedia

In the Department of Marketing at Broad, undergraduates receive an understanding of marketing concepts and tools application; master's in marketing research students are part of a number-one-ranked national program; and doctoral students contribute to Broad's global reputation as a leading research-intensive business school.
