In some cases, you may also find free books that are not public domain. Not all free books are copyright free. There are other reasons publishers may choose to make a book free, such as for a promotion or because the author/publisher just wants to get the information in front of an audience. Here's how to find free books (both public domain and otherwise) through Google Books.

Research In Psychology 7th Edition

Type of citation. Example citation. Parenthetical: All components of the in-text citation are included in parenthesis at the end of the sentence.: Understanding how marine mammals, like whales, respond to stress is critical to their health and sustainability (Cates et. al., 2020).
