### History Brief: the Dust Bowl - YouTube

The dust bowl took place in 1930 through 1936. The weather event occurred in Colorado, Kansas, Texas, Oklahoma, and New Mexico. The health impacts of the Dust Bowl specifically included Dust Pneumonia and Malnutrition which affected American lives with the inability to work and make due with what they could with depleted farmland.

### The Dust Bowl | The Great Depression and Public Health

Iowa was never hit as hard by the Dust Bowl as Kansas and Oklahoma, but the clouds of dust that blocked out the sun and found their way through any cracks in the house around windows or doors left a lasting impression on those who lived through them. Times were tough through the entire decade of the 1930s.

### Great Depression and the Dust Bowl - IDCA

In the 1930s, a series of severe dust storms swept across the mid-west states of Oklahoma, Arkansas, Kansas, and Texas. The storms, years of drought, and the Great Depression devastated the lives of residents living in those Dust Bowl states. Three hundred thousand of the stricken people packed up their belongings and drove to California.

### **The Dust Bowl, California, and the Politics of Hard Times ...**

The Dust Bowl was a man-made environmental disaster. It unfolded on the nation's Great Plains, where decades of intensive farming and inattention to soil conservation had left the vast region ecologically vulnerable. A long drought in the early and mid-1930s triggered disaster.

### **FDR and the Dust Bowl - Forward with Roosevelt**

The Dust Bowl An environmental disaster accompanied the economic disaster of the depression as man-made-erosion and a natural drought combined to create what came to be called the "Dust Bowl." People of the middle and south western states left their destroyed farms and became migrant workers in unaffected states, such as California.
